# Microban Antimicrobial

## Vitrelle + Built in Microban Product Protection

We start with go-with-everything classic white Vitrelle glass, for beautiful and durable dinnerware that's perfect for any table. Then we add Microban® antimicrobial product protection to protect the glass from bacteria that can lead to odour and discoloration.

Microban is built into the Vitrelle glass, so it can't wear off or wash away and lasts the life of the product. Vitrelle with Microban gives you stunning dinnerware that's amazingly durable, plus peace of mind with antimicrobial product protection.
